Hello Marietjie

VELE COLLIERY PROJECT – EMP AMENDMENTS – SPECIALIST DECLARATION

With reference to the EMP amendments as described in Table 2 and Section 3 of the document dated May 2014, we hereby confirm that the proposed amendments fall within the footprint of our final baseline / EIA / EMP for Soils / Land Capability / Land Use.

Thus the existing document / maps (survey reference: REMS45, March 2009) are also applicable to the areas covered by the EMP amendment.

Yours faithfully
